Offender Grievance Information

Date Received:

06/24/2019

The problem is:

The review authority for grievance Il190000285, which alledges staff misconduct, failed to forward a copy of the grievance to the SIU so it could be reviewed for potential investigation in accordance with policy 150.01.01 006 (Pg5, #5).

I have tried to solve this problem informally by:

Asking Tim Higgins and Nicole Fraser if my grievance alledging staff misconduct was forwarded to SIU.

I suggest the following solution for the problem:

Forward grievance II190000285 to SIU for review. Provide T. Higgins, Monte Hansen, and P. Donaldson with the amount of training necessary to ensure compliance with policy 150.01.01.006

Offender Appeal

Offender Comments:

This appeal requests assurance that the people listed on the grievance undergo the amount of training necessary to meet grievance (especially grievances regarding ther misconduct) policy in the future. Grievance II190000285 is the second grievance I've submitted regarding the conduct of Tim Higgins that he's answered himself and failed to forward to SIU. A guranttee that other inmates grievances regarding employee misconduct are being taken seriously by a third party, regardless of which American border they are being held on, is called for. This includes forwarding allegations against GEO group employees to IDOCs SIU to meet policy requirements at 150.04.01.006
