## Offender Grievance Information

Date Received:

08/14/2020

The problem is:

JPay censorship notice 8.1.20 stated message was censored for containing offender information, when in fact it only contained information regarding the sexual misconduct of staff.

I have tried to solve this problem informally by:

Alerted investigations by way of concern form 8-3-20. They refuse to respond.

I suggest the following solution for the problem:

Release the Jpay message. Retrain Investigations staff to understand importance of allowing offenders to discuss the sexual misconduct of staff as needed.

### Offender Appeal

#### Offender Comments:

IDOC doesn't provide adequate therapeutic support for people who've fallen victim to the sexual misconduct of staff. Therefore preventing discussion of this conduct - and solely because it's already merited charges - denies all victims (both established and potential) the emotional support they need and deserve. From friends and family who are only able to help them dissect their trauma on JPay. Which appears genuinely to be both cruel and unusual. Of all people, those working in Corrections should know that silencing the victim is never the answer. Thus I suggest you either change your policy or establish therapeutic support for those who have been sexually abused by the staff.
